NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Congressman Omar Burleson, in his newsletter this week, discusses a subject that the Supreme Court must decide in the near future that could alter the whole concept of our nation. Because this decision could affect us here in Hamlin just as much as the rest of the country we are using Cong. Burleson's newsletter in its entirety in this column this week.

"Legislation of far-reaching importance is scheduled for the so-called 'Lame Duck' Session which opened Monday the 16th.

"Also important to the nation are decisions within the Federal Agencies of the Administration not requiring Congressional action. Important decisions of the Supreme Court will be watched with great interest. A number of cases now pending before the Court deals with problems in the public schools based on conflicting opinions by lower courts. For instance, the State Supreme Court of New Jersey has unanimously held that even voluntary prayer in a public school uttered at a session in which students were not required to attend, is a violation of the First Amendment to the Constitution. This is the Amendment which provides for the separation of church and state.

"The New Jersey case comes out of the actions of a school principal who stood before the students in the gymnasium and recited a brief non-denominational prayer which had previously been given before the United States Senate. The reading of the prayer occurred before school was open and students were advised that they were not required to attend. It was made clear that the parents were the ones who would decide whether they wanted their children to hear a few minutes of religious expression before school started. The New Jersey Supreme Court held the principal's action to be unconstitutional.

"Each session of the Senate and House is officially opened with a prayer by chaplains of each body. Most, if not all, State legislatures open with a prayer.

"An earlier Supreme Court decision ruled that no governmental authority can prescribe a prayer or make a prayer 'a part of its curriculum activity' but no where in its decision was there any prohibition against voluntary praying. The specific case referred to a local school board. The Court's ruling was directed against the doctrine of compulsion—the idea of a prescribed prayer which the students had to accept. The Court did not, and has not, ruled illegal the opportunity to participate in prayers for those who wish to do so.

"The important question in the New Jersey case, soon to be decided, is whether the decision means that no prayer of any kind is to be permitted in a school building even if it is entirely voluntary.

"Should the High Court uphold such a case as the one in New Jersey, it is interesting to ponder what could be done to prohibit the Senate and House of Representatives from opening each Session with a prayer.

"The Military Services provide Chaplains from different religions and, of course, attendance is voluntary. And, what would become of the phrase 'One Nation Under God' in the pledge of allegiance to the Flag? Should a decision like that of the New Jersey Court be upheld, will the people bringing the suit also attack the inscriptions of the Diety on many Government buildings and demand the removal of 'In God We Trust' from our coins?

"It is difficult to imagine that a Nation founded on Christian concepts would stand for nonsense of this nature. We call ourselves a Christian Country. It is not likely we are going to stand by and see a deterioration of our concepts to a point prohibiting voluntary worship."

School Starts Free Lunch Program for Needy Youth

The Hamlin Independent School District announced this week that it is starting a free and reduced price lunch program for those families that are unable to pay the full amount. The regular charge for lunches is 40¢ for students in the primary and elementary schools and 50¢ for junior high and high school students.

The free or reduced rates are based on the family income and the number in the family. Those receiving free lunches range from families with one child and making less than \$1,200 a year to those with 12 children in school and making less than \$6,900.

Two women were taken to Hamlin Memorial Hospital Monday morning in Foster ambulance following a truck-car accident in downtown Hamlin.

Mrs. Herbert Lakey, Route 2, and Mrs. Don Bailey, 810 Southwest Second, were treated and released.

The car, driven by Mrs. Lakey was in collision with a truck-trailer driven by Gregory Lee Farrar of Anson. The accident occurred at 8:50 a.m. at the intersection of Southwest Third and South Central. The Lakey car was traveling west and the truck was going south on South Central. The force of the impact spun the car into the utility pole in front of Howard Drug Store.

The truck, owned by Lerry Pritchard Inc., is used for hauling wallboard. It was not loaded at the time of the accident.

The accident was investigated by Police Chief Bryan Wasson and Patrolman Jimmy Ratliff.

It is being sponsored by the Texas Agricultural Extension Service and is designed especially for swine producers and other interested individuals in Haskell, Jones and Fisher Counties. However, everyone in the Rolling Plains Economic Program (R-PEP) area is invited to attend.

Thomas, Jones and Gross will speak at the first evening of the short course. Topics to be discussed will be "Breeding Versus Commercial Swine Operations, Swine Disease

Those whose income is just above those receiving free lunches will receive their lunches at a reduced rate—paying either 5¢ or 15¢.

Families who feel that their children may be eligible for free or reduced price lunches are urged to apply to the principals of the schools their children are attending. Copies of the application form were sent home earlier by the students to the parents. The completed application signed by an adult member of the family should be returned to the principal of the school the child is attending.

Any unusual circumstances or hardships which affect the family's ability to pay for school lunches will also be considered. Those include prolonged illness in the family, unexpected expenses due to fire, flood, or any other disaster of this nature; seasonal employment and similar emergency situations.

If a family is not satisfied with the decision made on their application, it may request a hearing to appeal the decision. This request may be made orally or in writing to the Superintendent of Schools who will review the application with them to see if different arrangements can be made.

The school district's formal free and reduced price policy statement and procedure that will be followed when a decision is appealed are on file in the superintendent's office and may be reviewed by any interested person.

"Ball Four"**

by Jim Bouton H

My Life and Hard Times Throwing the Knuckleball in the Big League, the most incisive, candid, revealing and, at the same time, the funniest book ever written about baseball and the people who make their living at it.

When Jim Bouton's brother read this book in manuscript he said, "it's a great book, Jim, but what's Mom going to think?"

Mom loved it. She said after reading Portnoy's Complaint she knew all the words.

The point is that Jim Bouton, 31 year old righthanded pitcher, has written a thoroughly honest book about baseball that's a genuine shocker. It's a shocker not because it nonchalantly shows that baseball players may, under certain circumstances, use words stronger than "golly sakes" but because it throws a harsh and achingly perceptive light on baseball, the men in the front offices, the people who play it, the way it is played on and off the field. Its the most incisive, most candid, most revealing and at the same time the funniest book ever written about the national game.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(November 6, 1925)

On Friday, November 6, the Hamlin Pied Pipers will meet the Rotan Yellow Jackets in one of the hardest battles of the season; since Rotan has never won an athletic contest in Hamlin, and she is striving to shatter Hamlin's record. It is also a fight for the sectional championship. Come out and help the boys win over Rotan, Friday evening 3:50 o'clock at the City Park.

It is not always that the Fire Department gets remembered with a check or two after a fire, but the Hamlin boys are glad to report that they have recently been the recipients of good gifts.

Following the fire at the Old Opera House last week, B. B. Colwell, who is the nearest neighbor to the burned building and one of the best firemen in town himself, just went down into his cash box and hooked out a twenty-five dollar check. That's what we call "example."

On general principles, a second gift was received this week from Mr. Geo. W. Gray. George thought he could slip a little "joy" to the boys and say nothing about it, but when the Fire Department gets such good treatment as that, they will not keep it a secret. So they ask the Herald to say for them that they appreciate these acts of kindness on the part of the citizens.

This year we have had a great increase of students from the surrounding communities, Dovie, Hitson, Neinda and Wise Chapel. The study hall and all class rooms are filled with desks and the new rooms are being conveniently occupied. There are thirty-seven Seniors, the largest and best Senior class in the history of Hamlin High.

—The School Paper, The Pied Piper

TWENTY YEARS AGO

About twenty-five members of the Hamlin Lions Club answered the roll call when first meeting was called to conduct preliminaries for their coming minstrel.

The group met at the high school auditorium Tuesday night to meet with Miss Lanelle Sullivan, minstrel director, and Walter Chalcraft, who will direct the music for the event.

Action of the directors brought the selection of Delma Shelburne as interlocutor for the minstrel and Arlie Cassle, B. V. Newberry, Harry Carmichael and Claude Lancaster will comprise the quartet of end men. Henry Albritton will function in the capacity of a fifth end-man in the outline.

The program to be followed in presentation of the minstrel calls for a three-part extravaganza in which all members of the club will participate. This will be divided into the minstrel, an oleo, or vaudeville interlude and the afterpiece skits.

Mrs. Joe McCrary will be the accompanist for the entertainment venture which will be put on view on the night of November 16 at the high school auditorium.

Chalcraft expressed himself as well pleased with a cursory rehearsal of the choruses which was conducted at the Tuesday night meeting.

Neinda Philosopher Wants to Know What Happens When the Whole World Can't Meet Its Debts

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reviews the world's financial situation this week, more or less.

Dear editor:

To get my mind off some bills needing to be paid last night I turned to a newspaper I'd been saving and found an article that made me feel better immediately.

According to it, 93 nations are in debt to the United States, have been for years, and very few are even keeping up with the interest. In fact, the last time the government figured up the interest was in 1965, when somebody did it apparently just to be doing, you know, busy work, and it amounted to \$20,691,309,517.10. Nobody is

quite sure of what the total of interest and principal is and nobody really wants to know, since most of it will never be paid.

Anyway, it runs into billions of dollars and the reason it's not being re-paid is that all 93 nations are head over heels in debt to themselves, aren't taking in enough tax money to meet their own budgets.

In fact, there's not a country on earth that's not going further and further in debt, including the United States, and I got to wondering.

What happens when the whole world goes broke? Who forecloses and what does he do with it when he gets it? Auction it off???

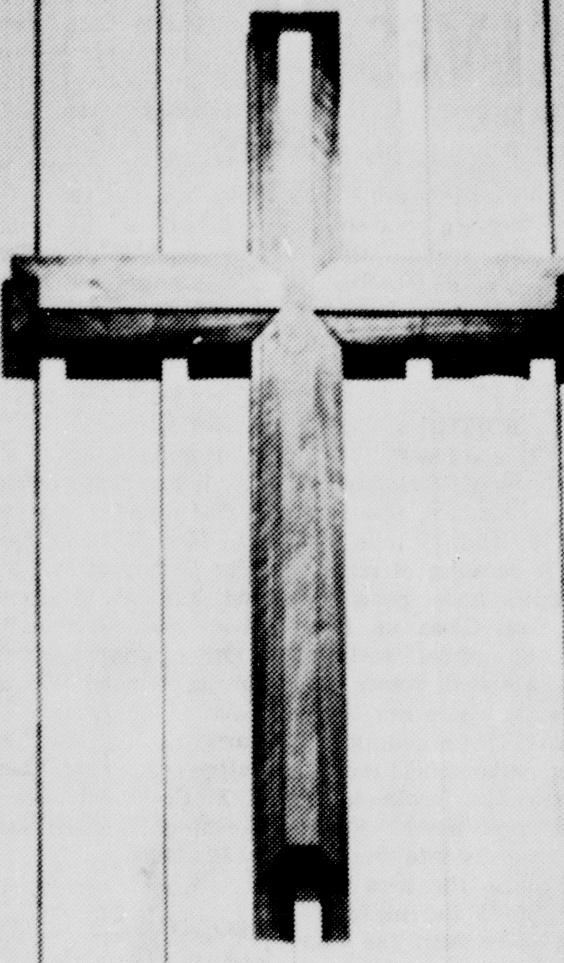

I can see the ads now: "To be sold at public auction: 210

re-possessed nations, a few demonstrator models, all on an as-is, where-is basis. All terms cash. Seller makes no warranties as to the condition or working order of any of these items."

You can see this would be a holy mess and something ought to be done to head it off. We can't allow the whole world to lose its credit rating.

Yours faithfully,
J. A.

BEEN ON A TRIP? That's news, call the HERALD.

A Look at the Cross on THANKSGIVING

"Surely he hath borne our griefs, and carried our sorrows: yet we did esteem him stricken, smitten of God, and afflicted."

"But he was wounded for our transgressions, he was bruised for our iniquities: the chastisement of our peace was upon him; and with his stripes we are healed."

"All we like sheep have gone astray: we have turned every one to his own way; and the Lord hath laid on him the iniquity of us all." Isaiah 53:4-6

Our prayer this Thanksgiving Season is that everyone will attend the house of God, giving thanks unto him for his great gift, which is eternal life through his son.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

How does your little girl rate as a child?

There is no scoring system. If you have a little girl between ages six and ten, your answers should sketch the situation.

Yes No

- 1. Does she watch more than two hours of television a day?
- 2. Does she confine her drawing just to coloring books or does she prefer the imagination of blank paper?
- 3. When she comes home from school, does she tend to stay home?
- 4. Does she lose interest in a new toy after a short time?
- 5. Does she have any special interest, something she devotes herself to regularly?
- 6. Does she seem more at home with adults than with children her own age?
- 7. Does she ever make-up her own games?
- 8. Do you often find yourself finding things for her to do?
- 9. Is she more content to play by herself than with other little girls?
- 10. Could you, honestly, say that your little girl is as happy as you were at her age?

It would appear that being a kid isn't what it used to be.

Obviously something happened.

We are privileged to be parents of the best-educated, most sophisticated, alert and articulate children in the history of the world.

We are astonished to discover they are also bored, confused and serious beyond their years.

For all its many miracles, this technological age of ours has dealt a bodyblow to childhood.

Fun, 39c and up.

Compared to industry's new ability to mass-produce the inconceivable, a daddy's modest efforts to amuse, amaze, inform and delight his kids become puny and ridiculous.

The miracle of a budding twig is dwarfed by the televised commonplace of a man walking in space.

Practically anything you can fabricate from snips, scraps and honest sweat is available as a blister-packed, snap-together, plastic fantastic for 39c.

Dolls don't need ventriloquists anymore. Toys assemble themselves, then self-destruct.

And there is a shortage of joy.

A better deal.

Camp Fire Girls don't discover vaccines and new routes to the Orient.

They make cupcakes and applesauce. They plant lima beans.

They explore whatever arouses their curiosity. They invent their own projects and set their own standards.

They act like children, a form of life that is certainly as endangered as the whooping crane.

There's probably a Camp Fire group in your community. But if there isn't, starting one is easier than forming a bridge club.

Phone your local CFG council or write to Camp Fire Girls National Headquarters, 65 Worth Street, New York, N.Y. 10013.

Please don't put it off.

We're anxious to know what your little girl can do.

And so are you.

And so is she.

Every little girl should have a childhood.

First Quarter Fumbles Kill Pipers In Final With Merkel

Two first quarter fumbles here Friday evening gave the Merkel Badgers a lead that the Pied Pipers were never able to overcome as the Badgers won the final game of the season, 28-18.

The Badgers had the football all but one play for the first nine minutes with the aid of these two fumbles. The first fumble came on the opening kickoff with Merkel taking over on their own 49 following an onside kick. They drove down the field to score and then kicked off again to the Pipers. The Pipers returned the kickoff to their 41 only to fumble on the first play with Merkel taking over again, this time 28-18, with a minute and a half left in the game.

It took the Badgers only six plays to get on the scoreboard again.

The Pipers failed to make a first down at the Badger 40 following the kickoff and Merkel covered the 60 yards in nine plays to make the score 21-18.

The Pipers came back after the kickoff and drove 64 yards in 12 plays with Fullback Barry McDonald scoring from the two. The kick was no good and the Badgers were ahead 21-18.

Operating from deep in their own territory, the Badgers sprung their Fullback, Paul Thames, loose from a 77-yard touchdown run to put the Badgers ahead at half-time, 28-6.

They were followed by the eighth grade girls who edged out Merkel, 21-20 with Kathy Hooper high with 10 points.

The eighth grade boys closed out the night with a 44-28 win with Johnny Jones hitting 14 points and Tracy Rowland putting up 13.

The Pipers came back to

Freshmen Close Season With 46-6 Win Over Stamford

The Hamlin Freshmen closed out their season here Thursday evening with an impressive 46-6 victory over the Stamford freshmen. The Hamlin ninth graders scored in every quarter to roll up their 46 points.

Albert Moreno opened up the scoring with a first quarter tally and then took a screen pass from Steve Mackey to go 90 yards for the second TD. Mackey passed to Kenneth King for the first conversion and the kick failed from five yards out. His try for two points was stopped.

Stamford scored in the second period only to have Cork run the kickoff back 75 yards for another Hamlin score.

In the third period, King passed to Cork to open up the second half scoring. In the fourth period King passed to Danny Hix for six points and Steve McKissack kicked the point after. Willie Hooper closed out the scoring with a 30-yard touchdown run with McKissack again adding the point after.

Texans' personal income rose three per cent in September, University of Texas Bureau of Business Research reports.
